Dear Yvonne:

Since you are a legislator for whom I have deep personal regard, I am truly sorry that a "credability gap" of sorts has arisen between us, due essentially to the machinations surrounding the Hall matter.

Perhaps there have been too many voices between us interpreting what they think we mean, or said.

Therefore I would like to suggest that on your next home district visit we sit down over a cup of coffee and discuss the understandings and misunderstandings that have arisen.

Respectfully,

Art Kevin
